

## You Cannot Expect To Have a Clear Complexion

by Constantly Massaging It With So-called Skin Foods or Creams, Often Rancid or Germy. Substitute Cuticura.

Contrast the purity, fragrance, comfort, and convenience of these super-creamy emollients with "beauty fads" so common, tiresome and expensive. A bath with Cuticura Soap and hot water on rising and retiring thoroughly cleanses and stimulates sluggish pores, giving the complexion a fresh healthy glow. If signs of pimples, redness or roughness be present smear them with the Ointment and let it remain five minutes before bathing. Nothing purer, sweeter or more effective for your skin and hair than Cuticura.

Sample Each Free by Mail. Address postcard "Cuticura, Dept. 22, Boston." Sold everywhere. Soap 25c. Ointment 25c and 50c.

Resolutions on the death of Sister Florence Bancroft.

Whereas the angel of death has removed from our midst one of our most worthy members, Sister Florence Bancroft, who lived a life of piety and virtue, and where the spirit may find rest and peace; therefore, be it

Resolved, That while we humbly bow to the divine will, we greatly sorrow at the loss of a member who was always ready to perform nobly her part in the work of our order.

Resolved, That we extend our heartfelt sympathy to those most near and dear to her, and recommend them to Him who alone can comfort in the hour of affliction.

Resolved, That our charter be draped for 30 days and a copy of these resolutions be sent to the family of our deceased sister, and one printed in the Barre Daily Times and one placed upon the records of our lodge.

After the night of darkness, all shadows flee away. After the day of sadness, Hope sheds her gentle ray. After the strife and struggle, the victory is won. After the work is over, the Master's own words, "Well done." Respectfully submitted, Mrs. Alice A. Nye, Mrs. R. S. Huse, G. J. Seager, Committee on Resolutions.

Tommy had been promoted by the chemist. He was now allowed to serve behind the counter. The other morning a middle-aged lady, looking her full age, came in.

"Have you any cream for restoring the complexion?" she asked sharply.

"Tommy, my dear," she eyed her, "you've tried checks with open admiration. 'Pardon me, madam,' he said politely. 'Don't you mean cream for preserving the complexion?'"

And the delighted lady bought six boxes right away.—Boston Transcript.

## PAINFUL JOINTS AND NUMB HAND

Rheumatism Was the Cause of This Minnesota Woman's Suffering But She Found Relief.

The changing weather of early spring is a trying time for rheumatic sufferers. The blood, which always shows a decided thinning in acute rheumatic conditions, is still further depleted by the patient's lack of exercise and out-of-door air during the winter. The nerves are undernourished and oversensitive, and every atmospheric change brings its twinges of pain.

A treatment that builds up the blood is the first step toward putting the system in condition to throw off the rheumatic poisons. This is the experience of Mrs. J. P. Christofferson, whose address is Box 73, Elroy, Wis.

I was severely afflicted with rheumatism," she says, "and had intense pains in my arms and legs. My right hand was crippled so that I could not use it, and my elbow was affected also. My shoulders were so sore that I could hardly touch them. The joints of my feet were so swollen and painful that I could just hobble around. There was a numbness in my hand, and it seemed as though it was dead. I could not put it in hot water without feeling it. I felt miserable all over. My back ached continually. I could not rest at night without taking drugs to deaden the pain."

"I was treated by a doctor for a time but could not see that his medicine helped me. My sister wrote me about Dr. Williams' Pink Pills, and I began using them after I had been sick over a year. I felt they were helping me after a short trial. The numbness gradually left my hand, and I began to use it. I could see that my blood was in better condition and I was able to get around without effort. In a few weeks I was able to do my household work again and have never had the rheumatism since."

Dr. Williams' Pink Pills for Pale People contain just the elements needed to build up the blood and restore the lost color and vitality. New energy circulates through the system with the enriched blood, the heart stops its alarming palpitations, color returns to cheeks and lips.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y. The pills are guaranteed to be safe and absolutely harmless to the most delicate constitution. They contain no morphine, opiate, narcotic nor anything to cause a drug habit.—Adv.

**Federal Farm Loan Association.**

Our local Federal Farm loan association, organized here last October, and on which we have been working all the winter, has completed its organization, so that the first of the money was turned over to the applicants this week. A Middlesex farmer, one of the first to make application, was the first to draw his loan. The others are expected to follow shortly as soon as the details are completed.

**Demonstrations for 1918.**

The executive committee of the bureau has decided upon two lines of demonstration work for the summer. The corn variety tests of last year will be continued and the tests this year held in places not touched last year. The main demonstration this year will be the try-out of a plan to grow more clover. We hope to establish a test plot of this method in every town of the county. Letters explaining the conduct of this test have been sent to the local committeemen, so you can ask them for particulars.

**Home Demonstration Agent.**

In the last circular letter, the matter of a home demonstration agent for the county was mentioned. Are none of the ladies interested? Let us hear from you so we can make plans.

**Exchange Activities.**

Most of the grass seed ordered by the members has been delivered. Mr. Dodge unloaded a car of chemicals at Middlesex Friday and Saturday, and the rest of the cars are on the road. Seed corn is also on the road, and the exchange will attempt to deliver only the best of seed at reasonable prices. F. H. Abbott, County Agricultural Agent.

**RAIN AND WARMER.**

Cooler Thursday and Then Rising Temperature is Predicted for Week.

Washington, April 8.—Weather predictions for the week beginning to-day issued by the weather bureau are:

Rain in north portion, with warmer weather first of week; cooler by Thursday; end of week fair, with rising temperature.

**Who Will Claim Them?**

Letters remaining unclaimed for at the Barre postoffice for the week ending April 14 were:

Men—William Boiles, H. M. Cornell, Joseph Corti, A. M. Cutler (2), Joseph Greene, V. Nersisounk, W. E. Sargent, E. S. Smith, Emilio Truber.

Women—Mrs. J. Thomson, Mrs. William Thomas, Miss Leola Taft, Mrs. Della Waters.

**A REAL HAIR SAVER AND BEAUTIFIER**

Found at Last—Shows Results at Once or Nothing to Pay.

Here's good news for men and women whose hair is falling out, who are growing bald, whose scalps are covered with dandruff, and itch like mad.

Any good druggist can now supply you with the genuine Parisian sage that is guaranteed to quickly stop loss of hair, promote growth, entirely banish every trace of dandruff and itching scalp, or the cost, small as it is, will be refunded.

Thousands can testify to the excellent results from its use: some who feared baldness now have abundant hair, while others who suffered for years with dandruff and itching head get a clean, cool scalp after just a few days' use of this splendid treatment.

No matter whether bothered with falling hair, gray hair, itching scalp, or dandruff, Parisian sage tonight. You will not be disappointed. There is nothing so good for any form of hair trouble, it is easy to use, delicately perfumed, and will not color or streak the hair.

E. A. Brown & Co. will supply you.—Adv.

## TO STOP MAD ACTS OF KAISER: BUY BONDS

(Continued from first page.)

posing by force their own ideas of order and government upon unwilling adversaries.

We may as well understand that the moral side is largely lost sight of in the elation that follows the sense of being "knit together." "My country, right or wrong, but right or wrong, my country." It is a somewhat unusually frank expression of this feeling.

There are those in America—and they are not all Germans, either—who say, "Why not allow the German people to have the kind of government they want? Why send our boys thousands of miles over land and sea to suffer and die while killing and crippling German boys who love their lives, their liberty and their country as well as we do ours?"

It is a fair question and there are two answers.

First, The German people do not have and cannot obtain the kind of government they want because of the cruel and resistless tyranny under which they suffer. Before this war started 6,000,000 votes were cast in Germany for radical and socialist parties which oppose imperialism, and, but for the three-class system voting, the wicked veto power of the royally appointed representatives of the government, and the relentless military oppression—all of which represent and support imperialism—the common people of Germany would have established a free republic long ago.

And more of the German people are sick of imperialism, since the war than ever before. The German people are held captive in cruel bondage and part of them have been dragged by lies until they are helpless. They need rescue by democratic armies; and America is proud to lend her aid to break down the iron walls of their oppression.

The German imperial government is like a mad farmer who plants Canadian thistles in his fields, sets fire to his ripening wheat, poisons the streams from which his cattle drink, and brutally outrages his wife and children. Will the neighboring farmers say, "Let him sow thistles on his own land if he wants to; let him burn his wheat, poison his cattle, and beat his wife and children if he will. It is his land, his wheat, his cattle, his wife, his children, let him do as he pleases with his own?" No, they will not say that; they will say for the mad farmer's family and their desire to protect the honor of the neighborhood would force them to interfere. And besides—

In the same place, the mad farmer and the imperial government, do not will, not can, not keep their evils at home. If one farmer raises Canadian thistles the other farmers nearby are compelled to do so too, for the evil seed blows everywhere; and the only way the neighboring farmers can keep their fields free from the blight of the thistles is to compel the mad farmer to cease raising thistles also. When the mad farmer sets fire to his wheat fields the fire spreads through the fences to neighboring fields; when the mad farmer poisons the water brooks his neighbor's cattle also die, and the man who brutally beats his own wife and children is unsafe to have in the community, for the man such a man is a danger to the whole countryside. And there is no doubt but that the farmers of the neighborhood, for the sake of the mad farmer's family and for the protection of their own fields, cattle and families, will proceed against him at law and put the insane fellow in prison or the asylum. He cannot be allowed to roam at large to sow his crazy will upon his family and his neighbors.

The German princes are insane criminals. Anyone who believes, as Emperor William does, that he rules a nation by hereditary "divine right" is crazy. The history of the ruling family of Germany for 500 bloody, terrible years is a record of lying, intrigue, robbery and wholesale murder. They pretend that they have the "divine right" to do such things. By such means they arose from the province of Brandenburg to the head of the German empire. The overthrow of rivals, the annexation of land, the gaining of power over other nations have been accomplished by every method, by methods such as were used to devastate Belgium and murder her people. Treaties and agreements were never more than "scraps of paper" if they disputed the royal "divine right" of kings to grab all the land and tribute they could take by force. And the Canadian thistles, the ruinous fire, the poison in the water brooks, the murder and intrigue cannot be kept at home. They have terrorized and cursed all Europe for many generations. Not a council of state nor a parliament in Europe has been free for a hundred years to plan for sane progress. Always the terrible menace of Prussian imperialism overshadowed them and shaped their actions. They have been forced to spend billions of dollars for "diplomacy" and armament which they needed for other and better things, and they have been forced to abandon high ideals and glorious progress because of the Prussian menace. France, Holland, Poland and Denmark, especially, have been cursed, crippled, robbed and bound down by the relentless power of the Prussian monster. Since this war started several other nations have been added to the list—Russia being the last victim. There can be no safety for Europe until this aggressive despotism is made to bow in the dust of humiliation and shame.

And now this malignant and mighty power has broken loose upon mankind at large. All peoples on earth are being distressed by the economic troubles and want incident to the great war; every nation has been poisoned by the Kaiser's vicious intrigues and lying; every nation now trembles lest this monster of militarism should win the war and become more mighty and terrible toward all democratic and half-imperialistic.

The war is on to a finish now between democracy and despotism. The crisis of world liberty is at hand.

I am glad that President Wilson was "too proud to fight" over mere technicalities of international law and too wise to humiliate his own people by buying American boys into the jaws of death because a few hundred Americans were drowned who might have stayed at home.
